GREETINGS

Again it is a pleasure to send you my 1950 list of *Gladiolus*. You will find a large number of recent introductions, introduced within the last two or three years, also a good many of the older ones which should be in every garden. Although the newer ones are higher in price this does not necessarily mean that they are better. They may or may not be. I offer none for sale which I do not think worthy of culture. Buy according to your pocketbook.

I wish to assure all my customers that I will give their orders my personal attention and do everything in my power to see that they receive the utmost value for their investment.

I wish to take this opportunity to thank my friends and customers for their patronage in the past years and to wish them a most successful 1950 season.

ORDER EARLY

My advice to you is ORDER EARLY as every variety I list is grown by me, and when stock is gone there will be no more until next year. I have made it a practice to sell only what I grow. In this way I know what my customers are getting.

GUARANTEE

I guarantee satisfaction. My stock is thrifty and true to name, free of disease and insects at the time of shipment. Occasional errors are humanly possible. If for any reason you are not satisfied please write to me and I will do my utmost to make satisfactory adjustment. Likewise, if you are pleased I will be very glad to hear from you, especially in regard to the varieties that do best for you.

TERMS

PLEASE READ CAREFULLY. Do not order from any previous catalogue. Prices may be different or some varieties may have been sold out or discarded for newer ones. I do not substitute on varieties unless instructed to do so. I would appreciate your stating a second choice whenever possible.

No order for less than \$2.00 or no single item for less than 10c will be accepted. When a variety is listed "2 for 10c" please do not order less than two bulbs of that variety.

Terms are NET CASH with the order, or 25 per cent deposit with order and balance C.O.D. if you prefer.

All retail orders will be shipped prepaid, either by express or parcel post. All wholesale orders will be shipped by express collect. Shipments will be made about April 1st unless otherwise specified.

PRICE LIST

Ten bulbs will be sold at eight times the single price and five bulbs will be sold at the ten rate. Please read our terms before ordering.

ABIGAIL (366) (Myers '44) Lavender, nearly like Minuet. L 50c, M 35c, S 20c, Bbts. 5-25c.

ABU HASSAN (378) (K & M '47) Fine new deep blue. L 15c, M 2-25c, S 2-15c, Bbts. 10-15c.

CULTURAL DIRECTIONS

DIPPING: Before planting we soak bulbs in Lysol for three hours using $1\frac{1}{4}$ tablespoons to one gallon of water. A 14 oz. bottle makes 22 gallons of solution. After dipping the bulbs should be well drained and planted the same day.

PLANTING: We plant our bulbs in rows three feet apart and running east and west to permit better sun light. Bulbs should be planted six inches apart in the row and four to six inches deep, depending on the soil.

CULTIVATION: Gladiolus should be cultivated often and kept free from weeds at all times. For best results side dress the rows with a good fertilizer twice during the season and keep well watered.

SPRAYING: We use 50 percent D.D.T. wettable powder at the proportion of 2 oz. per 3 gallons of water with good results.

DIGGING: Dig bulbs about six weeks after they have bloomed and before the foliage dies down. Cut the top off as close to the bulb as possible and place in wire bottom trays to dry.

STORAGE: Clean bulbs as soon as they are dry and dust them well with 5 percent D.D.T. powder. Store in a cool place 40 degrees to 50 degrees Farenheit.

JOIN A GLADIOLUS SOCIETY

Anyone growing gladiolus should join some society and keep up to date with the best cultural practices and receive the valuable and entertaining information constantly being released. Our own Empire State Gladiolus Society publishes fine bulletins containing valuable information, show reports, etc. at a cost of only \$1.50 per year for membership. Send your application now to Dr. Gordon R. McKenney, 44 Canisteo St., Hornell, N. Y.
